POSITION Collective

is a Budapest based design brand,
creating next generation design
objects and interiors.

Our design approach combines
contemporary functionalism with
playful minimalism, through modular
design. As we offer numberless
options for mixing frisky colours with
fancy shapes, everyone can build a
very own, personal design item from
our product range.

We believe in timeless design and that
some objects stay with you for a
lifetime.

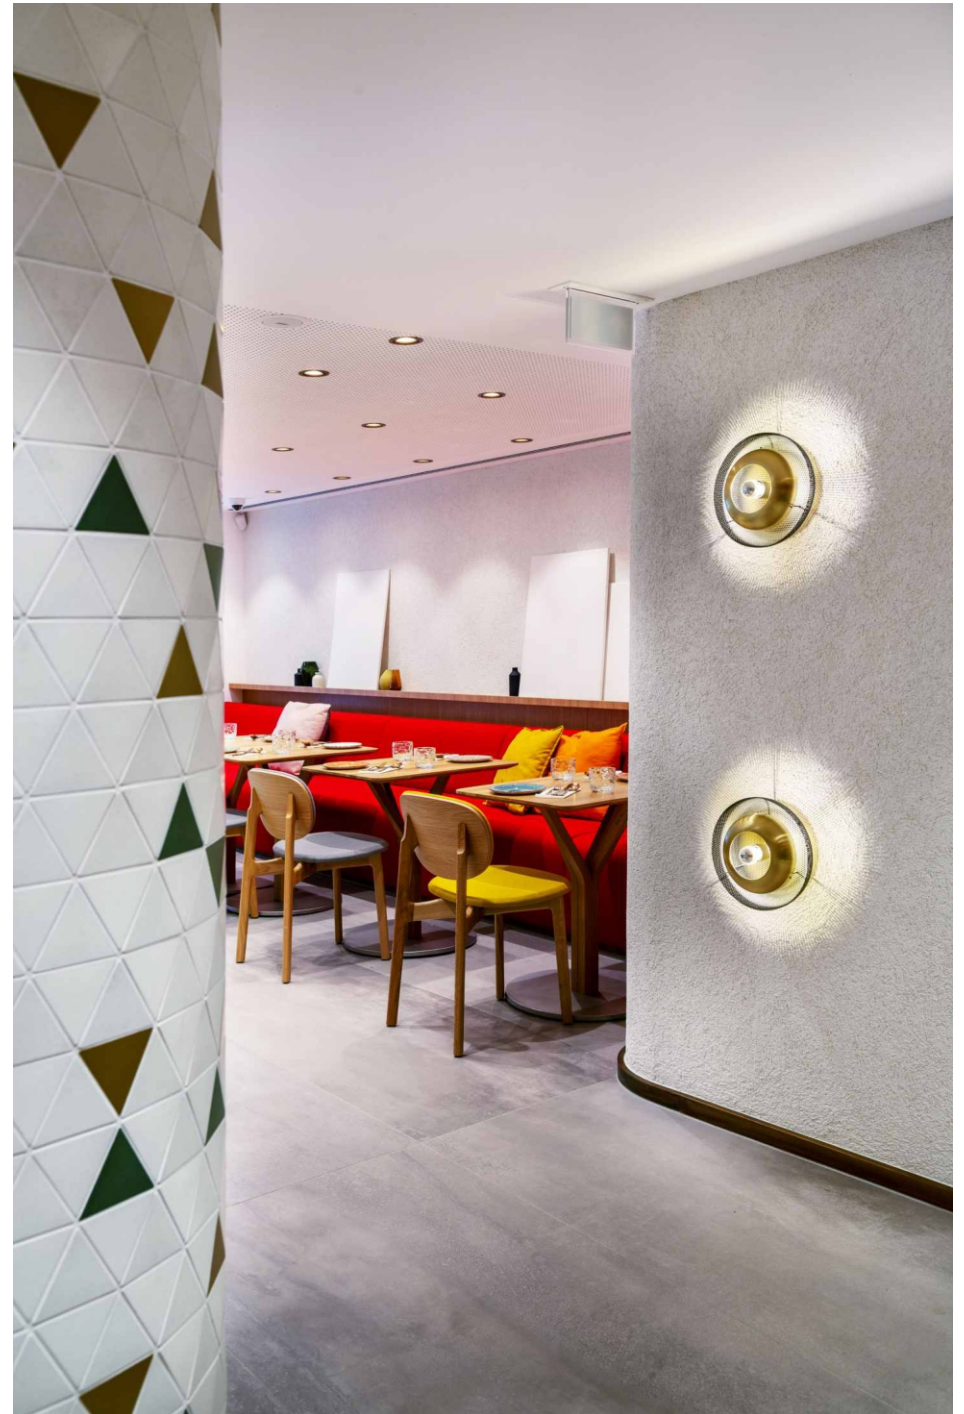

We work with natural, local materials
and our products are manufactured
and carefully selected by regional
craftsmen. We offer a growing product
range of accessories, lighting,
upholstered and wooden furniture to
an international audience of private
consumers, designers, architects and
companies.

Priy
COLLECTION

Inspired by a journey to India, the subcontinents colors and textures are reflected in the vivid earth tones and the use of copper, brass and steel. With versatility as their guiding principle, the pressed metal and plastic segments can be combined to create fifty different lamp silhouettes.
