WWW.POSITION-COLLECTIVE.COM

The Berrii collection is inspired by the snowberry plant. The collection includes 5 variants suitable for different functions - 1 floor lamp, 1-1 wall and table lamp, and two suspended types. Berrii incorporates the minimalist approach of POSITION Collective, while it's extensive design, unique patterns and richness of details represent a new direction compared to our previous products. The Berrii lamps have a steel and precious metal structure, which is decorated with handcrafted glass shades, made by one of the last glass manufacturers in Hungary. During the glass mold - blowing process, we use glass pigments of different colours applied to crystal glass, which obtain their final pattern as a result of blowing, so that not two of them are alike.
